CAMP MPACK POLICIES & PROCEDURES

We intend to help every child enjoy their camp experience while also making them aware that they are responsible for their actions. With prior knowledge of our basic rules of safety and good conduct, each camper will be taught how to exercise self-discipline and to know we are here to help them and want them to succeed.

TINY TOTS RESTROOM POLICIES: All Tiny Tots campers must be potty trained and fully independent in the restroom.

As in any group activity, the inappropriate behavior of a few children can spoil the experience for the entire group. Therefore, the following conduct policies apply directly to each camper.

Depending on the severity of the behavior and the number of times the behavior occurs, a child may:

- Lose the privilege of participation in a specific activity.
- Be suspended from the program for a specified amount of time.
- Be terminated from the program.

INAPPROPRIATE BEHAVIOR INCLUDES BUT IS NOT LIMITED TO:

- Intentionally and repeatedly going to unauthorized areas of the facility without permission.
- Using foul language and being rude and discourteous to staff and peers.
- Defacing camp property.
- Refusing to follow basic rules of safety (This includes fighting or striking another camper or staff.)
- Possession of weapons.
- Any other behavior that is deemed inappropriate, dangerous or contrary to the best interest of the participants and staff.
- Inappropriate behavior shown by parents/guardians, including but not limited to excessive late pickups, foul language, displays of violence and suspicion of intoxication.

Suspension up to termination can occur immediately if the following inappropriate behavior is used:

- Harming another child or staff member
- Fighting
- Stealing
- Disrespect for Mpact property or others
- Use of abusive/foul language
- Conduct or actions of sexual nature

We want every child to enjoy his/her experience at Camp Mpact. For this reason, we have initiated policies we feel are fair, easily complied with, and benefit everyone involved. If a discipline problem arises, the parent will be notified in writing the day of the incident. The second incident will result in the parent/ guardian being notified in writing and called to set up a meeting with the counselor, camper and gym owner to set up a behavioral contract. The third incident will result in program suspension for a time period specified by the owner. In the circumstance of extreme behavior the parent/guardian may be called to remove the camper on the first incident.

Note: There will be no refunds given for suspension or expulsion of camp.

STAFF EXPECTATIONS & CODE OF CONDUCT

Mpact Sports is committed to ensuring the safety and well-being of your children. We have high expectations of our staff members and would like to share those expectations with you. Should you see any behavior that is not consistent with Mpact staff code of conduct, please report to Mpact management immediately.

- ➔ To protect camp staff, and program members, no staff person is to be alone with a single child where he or she cannot be observed by others. As staff supervise children, they should space themselves in such a way that other staff can see them.
- ➔ Staff shall never leave a child unsupervised.

- Rest-room supervision: Staff will make sure the restroom is not occupied by suspicious or unknown individuals before allowing children to use the facilities. Staff will stand in the doorway of the rest room while children are using the restroom. This policy allows privacy for the children and protection for the staff (not being alone with a child). If staff are assisting younger children, doors to the facility must remain open. We always send children in threes (known as the rule of three), with staff whenever possible.
- Staff should conduct or supervise private activities in pairs—changing or putting on bathing suits. When this is not feasible, staff should be positioned so that they are visible to others.
- Staff shall not abuse children in any way, including physical abuse—striking, spanking, shaking, slapping, and so on; verbal abuse—humiliating, degrading, threatening, and so on; sexual abuse—touching or speaking inappropriately; mental abuse—shaming, withholding kindness, being cruel, and so on; neglect—withholding food, water, or basic care. No type of abuse will be tolerated and may be cause for immediate dismissal.
- Staff must use positive techniques of guidance, including redirection, positive reinforcement, and encouragement rather than competition, comparison, and criticism. Staff will have age-appropriate expectations and set up guidelines and environments that minimize the need for discipline. Physical restraint is used only in predetermined situations (when necessary to protect the child or other children from harm), administered only in a prescribed manner, and must be documented in writing.
- Staff will respond to children with respect and consideration and treat all children equally, regardless of sex, race, religion, culture, economic level of the family, or disability.
- Staff will respect children's rights not to be touched or looked at in ways that make them feel uncomfortable, and their right to say no.
- Staff are not to transport children in their own vehicles or allow youth participants old enough to drive to transport younger children in the program.
- Under no circumstances should staff release children to anyone other than the authorized parent, guardian, or other adult authorized by the parent or guardian.
- Staff are to report to a supervisor any other staff or volunteer who violates any of the policies listed in this Code of Conduct.
